FIELD-GROWN IN SUNNY
SOUTHERN CALIFORNIA

◆ 1933 ◆

Deliveries March 15th On

GARRETT-OLSEN CO.

TERMS OF SALE

Thirty days credit to those of approved rating.
Three per cent discount for cash.

All orders of \$5 or under, and from foreign countries cash, at the U. S. rate of currency.

Shipping charges are payable by the consignee. All shipments will be made American Railway Express unless otherwise requested. No charges for packing. We will rectify all mistakes of count, omission or misdirection. All transportation claims must be assumed by buyer against the carrier, as all plants are forwarded at the buyer's risk.

We endeavor to send out first class stock—packed in the best manner possible—and true to name. However, in common with all dealers, we give no warranty, expressed or implied, as to the crop, its variety or product. If these conditions are not acceptable to the customer return the plants to us immediately.

Prices subject to Federal Sales Tax if any.

SUPPLEMENTARY LIST for 1933

INTRODUCTIONS OF 1932

Commercials and Exhibitions, Large Flowering

Price: 35c each; \$2.50 per doz., \$13.50 per 100

Unless otherwise quoted

Not less than 12 of a variety at the dozen rate; 25 at the 100 rate.

GOLDEN POCKETT—Several shades darker than the popular Yellow Pockett, of which it is a sport. Identical to the "Pocketts" in all other respects. Exhibition.Price: 75c each; \$7.50 per dozen

GOLDEN TOPAZ—An incurve just a shade lighter than Friendly Rival. Upright growth; good stem and foliage, with flowers 6½ inches in diameter. Height, 4 ft. Matures November 10th. Commercial.

KEYSTONE—An early bronze, larger and of better color than Indianola. Upper surface of petals is brownish orange; reverse is a buff. Double flowers from any bud are 8 inches in diameter. Height 4 feet. Matures October 22nd. Commercial.

REALITY—Might easily be termed a Pink Bonnaffon. Deeper than Chieftain, with very closely incurved petals. Flowers 5 to 6 inches in diameter. Height 4 feet from June planting. Good stem and foliage. Matures October 20th. Commercial.

SMITH'S SUPERLATIVE—Bright intense yellow. A globular reflex, possessing great substance; strong upright stem and dark green foliage. Flowers 6½ inches in diameter. Height about 5 feet. Matures October 25th. Commercial.

THE PEER—Light shade of pink, with flesh color reverse. Flowers 7 inches in diameter, double from any bud. Irregularly incurve. Matures October 22nd. Height 4 feet. Commercial.

POMPONS

Price: 35c each; \$2.50 per doz., \$13.50 per 100

Not less than 12 of a variety at the dozen rate; 25 at the 100 rate.

IRENE RICH—A beautiful pink pompon suitable for disbudding. Much better than Lillian Doty, or any similar pompon introduced in the past few years. Does not fade to a white. Height 4 feet. Flowers 3½ inches in diameter. Matures November 1st.

RED WINGS—Bright red with buff reverse. Upright growth. Wonderful sprays, good keeper and shipper. Flowers 1½ inches in diameter. Mature Just before Thanksgiving. Height 3 feet.

ANEMONES

Price: 35c each; \$3.00 per doz., \$15.00 per 100

Not less than 12 of a variety at the dozen rate; 25 at the 100 rate.

BEAUTIFUL LADY—Creamy white cushion contrasts with the outer petals, which are a pink. Very striking in appearance. Should be planted about the middle of May, rather dwarf in growth. Flowers 5 inches in diameter; cushion 3 inches in diameter. Matures November 20th.

WAKANDA—Flowers 5½ inches in diameter, with a 3½ inch cushion. The ray petals are a reddish bronze and the tips of the center florets are a golden color. Matures November 10th. Height 4 feet.

ALL VARIETIES NOT CLASSIFIED AS LATE OR EARLY ARE
CONSIDERED MID-SEASON

FEATHERY VARIETIES

Price: 25c each; \$1.50 per doz., \$8.00 per 100

Unless otherwise quoted

Not less than 12 of a variety at the dozen rate; 25 at the 100 rate.

JAPANESE MAIDEN—Color is a chamois yellow, long tubular petals. Flowers 9 inches in diameter. Rather tall in growth, and matures November 15th.

Price: 75c each; \$7.50 per dozen

KING OF PLUMES—Bright yellow, short petals which are slashed at the tips.

MIGNONETTE—Resembles a thistle bloom in form and is a light yellow.

MISS GENA HARWOOD—A rosy mauve sport of Rayonnante.

RAYONNANTE—Long pale rose petals, cord shaped. May be grown very large.

WHITE RAYONNANTE—Pure white sport of Rayonnante.

YELLOW RAYONNANTE—Identical to Rayonnante except for its color.

CHRYSANTHEMUMS

COMMERCIAL, EXHIBITION, SINGLE, HARDY, POMPON, ANEMONE
AND NOVELTY VARIETIES

Rooted Cuttings

WHOLESALE PRICE LIST—LARGE FLOWERING

COMMERCIALS—Standard Varieties

15c each; 50c per dozen; \$3.00 per 100; \$25.00 per 1000

Not less than 12 at the dozen rate; 25 of a variety at the 100; 250 at the 1000 rate unless otherwise quoted.

YELLOW—

ADRIAN'S PRIDE—Bright Marigold yellow—perfect globular form. Good stem and foliage. September 30th bud matures November 20th.

APPLETON—Large incurve. Popular late commercial.

BOL D'OR—Maize yellow incurve, wide petals. A beautiful flower.

BONNAFFON—Standard market variety, incurve.

BONNAFFON IMPROVED—Larger than the above, one week later.

CELEBRATION—Fine yellow, popular for the Thanksgiving market. Incurve.

CELESTRA—Globular form of golden yellow, incurve. Blooms October 10th. Take terminal bud.

CHRYSOLORA—Fine incurve. Blooms between Bonnaffon and Appleton. Take bud August 1st to 15th.

CLARA B. FORD—Yellow incurve—similar to Bonnaffon. Take bud September 20th. Matures November 20th.

CITRONELLE—Sturdy plant with strong stem. Take terminal bud for large full flower. Of close incurve type, with high center. Very popular with shipper and retailer. Clear citron yellow. Blooms October 20th.

COMELETO—Very early commercial yellow, maturing October 5th on.

CORRONA—A deep golden yellow. Can be grown three stems to a plant, each stem producing a good bloom. Take a late terminal or crown bud. Blooms November 1st on.

CROCUS—Light yellow incurve. Matures October 5th on.

DECEMBER QUEEN—Late large yellow incurve. Matures November 25th on. Take bud October 5th.

ALL VARIETIES NOT CLASSIFIED AS LATE OR EARLY ARE
CONSIDERED MID-SEASON

- DOLLY DIMPLE**—Light yellow reflex. Easy doer. Popular market variety.
- FRIENDLY RIVAL**—Very bright yellow, flowering at Thanksgiving time. One of the best.
- GOLDEN AGE**—Brilliant golden reflex. Much used for potting.
- GOLDEN CELEBRATION**—A sport of Timothy Eaton, having all its characteristics—with the Golden Wedding color. A fine Thanksgiving yellow.
- GOLDEN CHADWICK**—A good incurve for Thanksgiving.
- GOLDEN GLEAM**—Very deep golden yellow. Semi reflex. Good keeper.
- GOLDEN GLORY**—Ideal for mid-season commercial. Take terminal bud.
- GOLDEN KING**—Beautiful yellow of finest incurve form. Height 4½ feet. Matures November 15th on.
- GOLD LODE**—Fine seedling of Comeleta—twice as large—much deeper yellow and blooms 10 days earlier. Take bud August 20th. Blooms October 1st on.
- GOLDEN OCTOBER**—Rich, golden yellow—strong stem—good foliage. Blooms October 10th from terminal bud. Four feet from early June planting.
- GOLDEN PEARSON**—Bright yellow sport for the well-known "Gladys Pearson." Identical in every respect except color. Commercial.
- GOLDEN QUEEN**—Same shade as Golden Glow. Matures October 1st on. Seedling of Chrysolora. Fine incurve blooms, fully double from late or early buds. August 10th bud matures October 10th on.
- GOLDEN MISTLETOE**—A light yellow sport of Mistletoe. Very late.
- DEEP GOLDEN MISTLETOE**—Several shades deeper than Golden Mistletoe.
- GOLDEN ROBIN**—Improved Golden Age.
- GOLDEN WAVE**—Matures October 20th. Select bud September 5. Brighter than "Richmond." Six inches in diameter.
- HONEY DEW**—A wonderful incurve satiny yellow with splendid stem and foliage. Blooms November 5th on. Take bud August 20th.
- IMPROVED GOLDEN GLOW**—A distinct improvement of Golden Glow, as each plant makes a fine 3 or 4 foot stem before budding. Ready to cut October 1st.
- LEMON QUEEN**—Very broad petals, of lemon color. Fine incurve, 6 inches in diameter. Matures November 30 and later from bud taken about September 20.
- LENA BAUM OR YELLOW RAGER**—A bright yellow sport of Mrs. Rager. Has same upright growth and incurve bloom. Easy doer. Blooms November 5th on.
- LOYALTY**—Bright yellow. Recommended for Thanksgiving. Take bud September 10th on for a uniform crop for November 25th on.
- MARIGOLD**—A monster flower. Matures October 5th on. Commercial or exhibition.
- MERIDA**—Late yellow shading to orange. Strong upright growth. Similar to "Golden Eton," maturing November 20th on. Select bud the last of September. Height 4 feet.
- MIDNIGHT SUN**—Very deep yellow of incurve form. Take bud September 10th for November 1st crop.
- MONROVIA**—Very early incurve commercial.
- MRS H. E. KIDDER**—Bright early yellow. Flowers 7 inches in diameter on good upright stiff stem. Height 4 feet from June planting. August 25th buds mature October 15th. Fine early commercial.
- MRS. NELLIE T. ROSS**—Late flowering variety—nearly same shade as Bonaffon. A wonderful keeper. Height 4½ feet. Take bud in October. Blooms December 1st on.

ALL VARIETIES NOT CLASSIFIED AS LATE OR EARLY ARE
CONSIDERED MID-SEASON

- MRS. R. M. CALKINS**—Intense bright yellow—Marigold shade—globular in shape—strong, hard stem. September 20th bud matures November 25th on.
- MRS. WM. DUCKHAM**—Large Japanese reflex. Exhibition.
- NAGOYO**—Bright yellow reflex. Blooms for Thanksgiving.
- RICHMOND**—Bright golden yellow commercial. Height 4 feet. Best bud, August 25th.
- ROMAN GOLD**—August buds produce reflex flower, September buds, deep yellow incurve. Matures November 1st on. Good seller.
- SUNBEAM**—A seedling from Odessa. Bright yellow, maturing for Thanksgiving and later from late September buds. Avoid August buds. Height 4½ feet from June planting.
- SUN GLOW**—Bright yellow incurve resembling Bonnaffon. August 15th bud matures October 25th on.
- SUNGOLD**—Seedling of Sunbeam. Brighter in color than Marigold. Has strong upright growth. Height 4½ feet. Take bud from Sept. 30th on.
- TIGER**—Good bright yellow. Highly recommended for commercial grower.
- YELLOW CHIEFTAIN**—Same type flower, growth and habits as the well-known Chieftain. Take bud August 20th.
- YELLOW EARLY FROST**—Sport of Early Frost. Plant early and take early bud.
- YELLOW FRICK**—Identical in every respect except color to the well known "Helen Frick." Light yellow incurve. Late.
- YELLOW GOLD**—Clear, bright yellow of globular incurved shape—a shipper's delight. Grows 5 ft. from June planting, blooming November 1st to 15th from terminal bud. Medium size foliage, permitting fairly close planting. Commercial.....Price: 25c each; \$1.25 per dozen; \$8.00 per 100
- YELLOW POLLY ROSE**—Easy doer. Early commercial.
- YUKON**—Close incurve, bright, clear yellow. Fine shipper. An easy doer. Height 5 feet from June planting. Take terminal bud. Blooms Nov. 1st.

BRONZE—

- ANGUANOC**—A very deep bronze. Late bloomer.
- ANTIQUE**—A deep bronze sport of Dr. Enguehard, and a duplicate in all respects except color. Select bud September 5th for late bloom.
- BARBARA DAVIS**—Large bronze, blooming early in November.
- BRONZE MISTLETOE**—A sport of Pink Mistletoe—valuable for a late bronze. Take bud September 30th on.
- DETROIT NEWS**—Fine bronze, waxy texture, maturing October 25th. Develops as a bronze incurve, then gradually reflexes. Fine keeper—cut or uncut. Take bud August 30th.
- EDGAR SAUNDERS**—Latest deep bronze we have. Fine seller.
- GLADYS PEARSON**—Upper petals apricot—reverse buff, which illuminate to bright orange under artificial light. Strong grower, 5 feet from June planting. Take bud September 7th. Blooms November 20th.
- GLEN VIEW BRONZE**—Deep reddish bronze.
- GOLDEN BRONZE**—Fine shade of golden bronze. Blooms October 25th to November 1st from late June and early July planting. Take terminal bud. Commercial.
- GOLDEN GATE**—Very early light bronze.
- HILDA H. BERGEN**—Deep mahogany bronze incurve. Every bud produces a perfect flower. Ready to cut October 8th.
- INDIANOLA**—Early large flowered bronze combined with old gold shades. Plant early—take bud August 20th on.

ALL VARIETIES NOT CLASSIFIED AS LATE OR EARLY ARE
CONSIDERED MID-SEASON

MIKADO—An old variety—but valuable because of its deep color and late blooming.

MODELLO—Color between orange and golden bronze. Like a huge decorative Dahlia. Take bud in September for November bloom.

MRS. ERNEST WILD—Chestnut crimson with bronze reverse.

MRS. O. H. KAHN—Fine, deep bronze. Commercial or exhibition.

MRS. WINTHROP SARGENT—Deep straw color. Petals round and waxy—loosely incurved. Good keeper.

OCTOBER GOLD—Early golden bronze.

PRIVATE MERLIE HAY—Warm bronzy red, clean heavy foliage. Height 5 feet. Scored 94 as a commercial from an early bud. Take bud August 10th on. Blooms November 1st on.....**25c each; \$1.00 per dozen; \$6.00 per 100**

TEKONSHA—Fine late deep bronze for Thanksgiving.

SYLVAN TINTS—Upper surface cardinal—reverse tan. Loosely incurve form. Height 4 feet. Take bud September 30th. Blooms November 20th.

TINTS OF GOLD—Golden bronze—matures in October. Also much grown for market without disbudding.

WM. H. WAITE—Deep bronze—shading to scarlet. August 25th bud shows best color.

RED—

AMATEUR COUNSEL — Dark crimson incurve—good stem and foliage. Blooms October 20th on.

ARMISTICE DAY—Red with brilliant gold reverse, similar to “Pockett’s Crimson” Incurve. Take crown bud August 20th. Height 4 to 5 ft. Commercial.
.....**Price: 50c each; \$5.00 per dozen**

BLACK HAWK—Deepest red. Very late reflex.

C. H. TOTTY—Glowing chestnut red. Flower, stem and foliage enormous.

DICK WITTERSTAETTER—Bright crimson reflex. Take bud August 25th.

GARNET KING—Color garnet with bluish black shadings and has a silken sheen so apparent in red roses. One of the best reflex reds. Matures November 20th on from September buds. Six inches in diameter.

GLEN VIEW RED—Midseason semi-reflex. Red with buff reverse.

GOVERNOR GREEN—A very fine large crimson with old gold reverse. Heavy stem, fine foliage. August 15th buds are fully developed by October 15th.

HARVARD—Dark crimson reflex. September 5th bud matures Nov. 15th on.

INTENSITY—Bright crimson reflex. Good late commercial. Take bud September 15th.

MADISON—Crimson with bronze reverse when grown early; pure crimson throughout when grown late. Good as a pot plant or a Commercial.....
.....**Price: 50c each; \$5.00 per dozen**

MOHAWK CHIEF—Late Red Reflex. Matures the end of November into December. Select bud October 1st and on for best color. 7½ inches in diameter. Four feet in height.

MRS. G. G. MASON—Blood red in color, with gold reverse. Crown bud August 20th.

MRS. HARRY TURNER—Lovely deep crimson. Large flower. Take bud August 25th.

MURILLO—Latest red we have. Beautiful foliage.

J. W. POOK—Beautiful terra cotta incurve, bronze reverse.

POCKETT’S CRIMSON—Huge flower—crimson with gold reverse.

**ALL VARIETIES NOT CLASSIFIED AS LATE OR EARLY ARE
CONSIDERED MID-SEASON**

SMITH'S BRILLIANT—Fine early reflex red, of uniform Harvard color. Matures October 25th from September 1st bud. Excellent stem and foliage.

NO. 13—Or the so-called Red Bonnaffon. Color is a deep maroon with a lighter reverse. Splendid keeper and shipper. Height 4 to 5 feet. Matures about the middle of November.

PINK—

ADONIS—Good commercial late pink. Take bud September 10th.

CHIEFTAIN—Good incurve pink. Take bud August 30th. Commercial.

CINCINNATUS—Beautifully formed flower—large size—a light lavender pink. Grows three feet from June planting. Take terminal bud. Blooms November 10th on.

DR. ENGUEHARD—Bright rose pink from late buds. Take bud September 10th on.

DISTINCTION—Round incurve, pink, mid-season. Good shipper. Stem rigid and has good foliage. Height 4 feet from June planting. Take terminal bud. Blooms November 15th on.

EDWIN SEIDEWITZ—Bright late incurve pink. Take bud September 5th. Commercial.

FIRST DAWN—Beautiful chamois pink—gold tips on the petals. Take late crown bud—August 25th on—for best color. Height 4 feet. Commercial....
Price: 25c each; \$1.25 per dozen; \$5.00 per 100

FLOYD GIBBONS—An unusual flower. The outer edge of the upper surface of each petal is rose, the center of the petal is a cream color and the reverse is a light buff. High rounded incurve, fine foliage. Height about 3½ ft. Flowers 5 inches in diameter, 6½ inches deep. September 15th buds mature about November 8th. Commercial.....
Price: 25c each; \$1.25 per dozen; \$8.00 per 100

GLORIOUS—Very fine commercial. Easily one of the best for November. Height 3½ feet from June planting. Take terminal bud.

GOOD GRACIOUS—An old variety still popular. Petals round and waxy — loosely incurved. Good keeper. Light pink.

HELEN FRICK—Late deep pink incurve. Take bud September 10th. Commercial.

JUSTRITE—Blooms October 15th from terminal bud. Improved pink Chieftain.

J. W. PRINCE—A dark pink sport of Chieftain. Take bud August 30th. Matures November 5th.

LADY HOUPETOUN—Fine mid-season pink. Take bud August 15th.

LUSTRE—Lavender pink blooming early with Quaker Maid and Gold Lode. Plant early. Take bud August 20th on.

MEGAN—A close growing variety with small foliage that can be planted close and be made to yield a large number of blooms to benching space. A clear, bright pink incurve. Height 5 feet from June planting. Take terminal bud. Matures November 1st.

MISS NETTIE L. PARKER—Dark lavender pink with a silvery sheen. Incurve. Good keeper and shipper.....
25c each; \$1 per dozen; \$5 per 100; \$45 per 1000

MRS. ALEX LAURIE—Commercial. Incurved light pink, maturing about November 15th from September 20th bud. Perfect stem and foliage. Height 4 feet. Flowers 6 inches in diameter.....
Price: 25c each; \$1.00 per dozen; \$6.00 per 100

MRS. C. H. TOTTY—Color same as Houpetoun. Reflex. Take bud Aug. 20th.

ALL VARIETIES NOT CLASSIFIED AS LATE OR EARLY ARE
 CONSIDERED MID-SEASON

MRS. MAE HUNTER—Waxy petals. Good keeper. Mid-season commercial.

MAUVE QUEEN—A perfect incurve with upper side of petals a purplish rose—reverse silvery gray. Plant late in June.....
25c each; \$1.00 per dozen; \$6.00 per 100; \$55.00 per 1000

MME. LOISEAU ROUSSEAU—Large incurve of two shades of pink.

NERISSA—Rosy mauve. Incurve. Very broad petals. Take bud Sept. 5th.

OCTOBER ROSE—Large incurved pink. Blooms October 10th. Very large, on a straight upright stem with good foliage. Take terminal bud. Height 5 feet from June planting.

PATTY—Enchantress pink. Vigorous grower.

PINK DELIGHT—Rosy pink, brighter than "Chieftain." Fine stem and foliage. Reflex, 6 inches in diameter—4½ inches deep. Height 4 ft. September 10th bud matures October 25th. Commercial.....
Price: 25c each; \$1.25 per dozen; \$8.00 per 100

PINK GEM—Light pink—Bonnaffon type. Take bud Sept. 1st. Commercial.

PINK MISTLETOE—A sport of Mistletoe. Popular late commercial. Plant late in July or August 1st. Take bud September 30th to October 15th for Christmas flowers.

PINK RELIANCE—Early pink incurve. Pinkish-salmon in color. Globular form. Matures October 7th from bud taken August 20th. Fine stem and foliage.

PINK TREASURE—Possesses remarkable substance. Has hard, wiry stem. Incurve, 6 inches in diameter. Small foliage. Height 3 feet. Take bud September 20th. Matures November 15th on.

PROGRESS—Bright incurve pink. Matures October 15th on.

ROSE DAY—Beautiful pink, of the largest size. Nearly the same form and size as Meudon, but easier grown. Good stem and foliage. Take bud about August 15th.

ROSE GLORY (Baur-Steinkamp)—Bright lavender pink, incurved. Blooms October 15th to 20th from early June planting. Height 5 feet. Take terminal bud. Commercial.

ROSE GLOW—A bloom of clear even pink—carried on a strong four foot stem. Plant in June. Take terminal bud. Blooms October 10th on.

ROSA RAISA—A wonderful light, even pink. Perfect incurve in form. Strong upright stem, foliage larger than the average. Height 4½ feet. Take bud September 20th. Matures November 15th and can be held for Thanksgiving.

ROSE CHOCHARD—A very early pink, maturing in October. An improvement of Chieftain in many ways. Take bud August 15th.

ROSE MARIE—A pink, same form as Smith's Advance—with coloring of Smith's Enchantress. Plant in May—take bud August 5th on for flowers maturing by the end of September.

ROSE PERFECTION—Seedling of Chieftain, better in color. Matures in November from September 10th bud.

SMITH'S ENCHANTRESS—A bright rose pink of even shade. The best early pink—maturing October 7th from September bud.

SMITH'S SENSATION—Delicate cameo incurve pink. Splendid under artificial light. Bud August 30th, matures November 1st.

SMITH'S SUBLIME—Soft shade of pink—maturing in September. Take an early bud in August.

THANKSGIVING PINK—This variety since its introduction has been one of the most popular for the commercial grower. Height 4 feet from June planting. Take terminal bud and allow bloom to stand on plant until fully developed. Blooms last two weeks in November.

ALL VARIETIES NOT CLASSIFIED AS LATE OR EARLY ARE
 CONSIDERED MID-SEASON

TOKIO—A large reflex pink of great substance. Blooms October 12th on. Very popular commercial variety.

UNAKA—Earliest pink incurve. August 1st bud matures October 1st. Commercial.

VENUS—Fine upright variety with beautiful foliage. Five feet from June planting. Bloom regular incurve. Terminal buds produce a good pink, late crown bud—a white flower. Blooms October 20th from terminal bud.

VIVIAN MORELL—Large reflex pink. Take bud September 10th.

WOOLF'S PINK—Perfect incurve in form. Upper side of petals violet pink—lower a shade lighter. Matures October 10th from buds selected Aug. 20th.

WHITE—

ALICE DAY—Purest white incurve. Ideal commercial, maturing Oct. 10th on.

AMBASSADOR—Pure white, perfect incurve form, strong stem. Produces blooms as large as Turner by October 16th to 20th from June planting. Easy to grow. Commercial.

BETSY ROSS—Pure white of perfect incurve form. One of the best for the commercial grower as it produces a high per cent of perfect blossoms, whether planted early or late. August 25th bud matures about Nov. 3rd.

CAMILLA—Incurved white, well rounded. Matures October 18th from August 20th buds. Height 5 feet. Diameter 6 inches. Commercial.

CHAS. W. JOHNSON—Perfect incurved white, strong growth and good foliage.
.....Price: 25c each; \$1.25 per dozen; \$8.00 per 100

CHATTANOOGA—Pure white resembling "Towantic," but later and not as tall. Matures December 1st on from buds taken September 20th. Height 4 feet from June planting.

CHAS. RAZER—Pure white incurve—good commercial. Take bud Aug. 20th.

CRYSTAL DOME—Incurve white, very large. A fine shipper. Four feet from June planting. Blooms November 5th from crown bud—a week later from a terminal bud. Either makes a perfect flower.

CRYSTAL GEM—Clear white, strong grower. Blooms Oct. 1st to 10th.

CRYSTAL QUEEN—An early white, much like Smith's Advance. Buds selected July 15th mature September 25th on.

DECEMBER BEAUTY—White with light pink shadings at center. Best incurve form. Take late buds for best blooms. June planting produces flowers from December 10th on. Take bud September 30th to October 10th.

DECEMBER GEM—Ball shaped on stiff wiry stems. Take bud September 25th for December blooms.

EARLY FROST—Well known early white. Blooms early in September. Follows Smith's Advance.

EARLY MONARCH—Largest white incurve to be matured by October 10th. High rounded flower of pure white, 8 inches in diameter. Take bud August 15-20. Height 4 feet.

FAVORITE—Beautifully rounded snow-white blooms maturing November 10th from terminal bud. Good stem and foliage.

FLORENCE PULLMAN—Cream white. Late.

JEANNE NONIN—Fine incurve. Take buds from October 5th on for best late November and December flowers. Commercial.

JOSEPHINE FOLEY—Pure white of high rounded incurved form. Splendid for exhibition from August 25th buds, fine commercial from September buds. Matures October 25th on. Height 5 feet from May planting.

LYNWOOD HALL—Large incurve, can be held for Thanksgiving if grown cool. Matures November 15th on.

ALL VARIETIES NOT CLASSIFIED AS LATE OR EARLY ARE
CONSIDERED MID-SEASON

- MARGARET GRAHM**—Wonderful mid-season, pure white of incurve form. Medium height, stiff stem, good foliage. Blooms third week in November. Take terminal bud.
- MISS CHICAGO**—Fine white with good stem and foliage. Blooms November 10th on from terminal bud.
- MISTLETOE**—Blush white. Very late. Take bud September 30th for December bloom.
- MONUMENT**—Large commercial flower, incurve in form. Rigid stems, medium foliage. Height 5 feet from June planting. Take terminal bud.
- MRS. GILBERT DRABBLE**—Pure white large whorled flower. Take bud August 10th.
- MRS. J. C. NEVILLE**—Purest white reflex.
- NELLIE POCKETT**—Creamy white Japanese incurve. First bud.
- OCONTO**—Perfect stem and foliage—pure white incurve. Early August 30th bud matures October 15th.
- OCTOBER QUEEN**—Purest white. Large sized flower. Early.
- QUAKER MAID**—A glistening incurve white—blooming first week in October. Grows 5 feet from June planting. Take bud August 20th on. One of the best for early cut.
- SILVER KING**—Good form and size. Tall stem. Mid-season.
- SILVER SHEEN**—An incurve of pure white—following Smith's Advance. A wonderful keeper. Take crown bud August 30th. Blooms October 20th.
- SILVER WEDDING**—Purest white reflex. Beautiful.
- SMITH'S ADVANCE**—Earliest white for commercial use. June 10th bud matures July 25th.
- SMITH'S IMPERIAL**—Fine incurve white. Take bud August 25th and after. Matures October 22nd on 4½ foot stem from May planting. Abundant dark, glossy foliage, well up to flower.
- SMITH'S PEERLESS**—Petals look and feel like wax. Color white with creamy cast. Take bud September 20th on. Height 3½ feet. Matures from Thanksgiving on.
- SNOWBOUND**—Seedling of Mrs. Razer. Has same upright growth, needs little tying. Produces extra large bloom from terminal bud. Height 5 feet from June planting. Matures November 1st on. Commercial or exhibition.
- SNOW WHITE**—Good straight stems, dark green foliage, incurve white. Splendid market variety. Take terminal bud. Blooms November 1st on. Height 4 to 5 feet from June planting.
- THANKSGIVING QUEEN**—Always in bloom for Thanksgiving. Creamy reflex. A lovely type.. Take bud September 1st on.
- TOM BROWNE**—Splendid pure white incurve. Blooms 8½ inches in diameter are not unusual. Height 4 feet. Matures November 20-30.
- VICTORY**—Pure glistening white with waxy lustre. Fine stem and foliage. Stop plants September 10 and secure bud that develops from this break for crop for Thanksgiving and later.
- W. H. CHADWICK**—Thanksgiving commercial.
- WHITE CHIEF**—Fine white incurve of good form and substance. Take terminal bud for October 18th blooms. Height 4 feet from early June planting. Commercial.
- WHITE CHIEFTAIN**—Good doer and keeper. Take bud August 30th. Commercial.
- WHITE CLOUD**—Large white with creamy center. Loose bloom. Take bud August 15th.

ALL VARIETIES NOT CLASSIFIED AS LATE OR EARLY ARE
CONSIDERED MID-SEASON

WHITE DISTINCTION—A pure white sport of "Distinction." Grows 4 ft. from June planting, blooming the middle of November. Take terminal bud. Commercial.....Price: 25c each; \$1.00 per dozen; \$6.00 per 100

WHITE GEM—Creamy reflex. Select early September bud for flowers maturing October 25th.

WHITE PERFECTION—High rounded incurve. Fine shipper and keeper. Especially good for Thanksgiving.

WHITE HELEN FRICK—Very late; coming Thanksgiving on.

WHITE SEIDEWITZ—Sport of Edwin Seidewitz. Flowers at the same time—Thanksgiving on. Take bud September 5th.

15c each; 50c per dozen; \$3.00 per 100; \$25.00 per 1000

of a variety, unless otherwise quoted. Not less than 12 at dozen rate, 25 of a variety at 100, 250 at 1000 rate

WHITE—

ADELPHIA—A perfect ball shaped white—better than W. Doty. Blooms October 15th. Height 3 feet.
CHICAGO PEARL—Can be disbudded or grown in sprays. Thanksgiving or later. A most popular market variety.

ALL VARIETIES NOT CLASSIFIED AS LATE OR EARLY ARE
CONSIDERED MID-SEASON

- CORDOVA**—A white pompon maturing November 20th. Large free flowering, on strong upright stems.
- DAINTY MAID**—A blush white of the most perfect type. 2½ feet. Blooms November 1st. Button.
- DOROTHY GISH**—Smallest white button—same size as Baby. Upright wiry stems. Blooms November 10th on.
- FRANCIS HUCKVALE**—Gardena white, with creamy shaded center. Good commercial.
- HELEN NEWBERRY**—Late bloomer. Fine disbudded.
- IRENE**—True pompon type—flowers 1 to 1½ inches in diameter. Upright wiry stems. Blooms October 20th.
- JITSU JETUI**—Pure white—quilled effect. Free bloomer.
- LILLIAN DOTY**—Blush white. Large flowered. Stems 4 ft. Good disbudded.
- MAID OF KENT**—White tinted rose. Most artistic sprays. Good keeper.
- MARGOT**—Earliest white pompon—blooming October 8th. 1½ inches in diameter. Plant in June for long sprays.
- MARIANA**—Large flowered. Can be grown in sprays or disbudded. Clean, vigorous grower.
- MARY PICKFORD**—Of most perfect form—button type. Outer petals reflex forming a perfect ball. Stiff stem. Medium height. Blooms Nov. 1st.
- NEMO**—Latest white button type, blooming November 25th on. Strong upright growth.
- QUEEN OF WHITES (White Diana)**—Popular market sort. Very early.
- SILVER BALL**—Very pure white, perfect form. Is much earlier than White Doty, maturing October 12th. Suitable for disbudding.
- SNOW BIRD**—A pure white perfectly incurved pompon suitable for disbudding. Blooms November 15th. Height 4 feet. Stiff upright stem.....
Price: 25c each; \$1.00 per dozen; \$4.00 per 100
- STORM PETREL**—Round blossoms, medium size, carried on fine sprays. Blooms October 20th.
- VETA**—Large sprays of extra fine type. Recommended for market grower.
- WANDA**—Large white, maturing October 22nd. Suitable for disbudding.
- WHITE CAPS**—Pure white medium flowers, borne on well-shaped sprays. Blooms October 20th.
- WHITE WINGS**—Good Early white, medium size. October 15th.
- YULETIDE**—Pure paper white. Matures December 5th on. Seedling of Christmas Gold. Height 3 feet from June planting. More satisfactory if disbudded to about 8 flowers to the spray. Flowers will then be about 2½ inches in diameter. Also a good pot plant.

PINK—

- ANGELO**—Large light pink pompon, suitable for disbudding or pot plants. Plant early in May to secure stems 2½ to 3 feet long. For pot plants—pot on June 15th—stop twice. Will produce 6 to 12 perfect blooms on 16 inch stems.
- BRIGHT EYES**—Outer petals blush pink—center showing the reverse, an orange apricot. Button type. Mid-season.
- BUTTON ROSE**—Deep rose, button type. Dwarf habit. Adapted for pot plants.
- CAPTAIN COOK**—Very early large pompon of a lovely shade of rose pink. A splendid commercial.
- COMETO**—Dark rose seedling of Lillian Doty. Symmetrical in form on upright stem, suitable for disbudding. Blooms November 1st.

ALL VARIETIES NOT CLASSIFIED AS LATE OR EARLY ARE
 CONSIDERED MID-SEASON

- DENICE**—A soft pink, intermediate size. Matures November 10-15.
- DONALD**—Light pink. Sturdy grower. Blooms very late in season.
- DOTSON**—An old rose with reflex petals. Possesses great substance and may remain uncut for weeks. Plant in June for sufficient height. Also suitable for pot plant.
- EDINA**—Beautiful rose pink. One of the best. Strong, upright growth. Matures October 15th.
- ELORA**—Blush pink with gold center, from reverse petals. White when fully matured. Fine sprays. Matures November 1st-10th.
- FAIRY QUEEN**—Deep enchantress pink. Medium size, splendid foliage, good keeper.
- ILLONA**—Rosy lavender—large sprays. November bloomer.
- IRIDESCENT**—A wonderful combination of various shades of yellows and pinks. Medium height. Long graceful sprays. Blooms October 15th.
- JEWELL**—A bright clear shade of pink, blooming the first of October from outdoor planting, or the middle of October, when planted indoors. A large button type, similar to "Nuggets" in shape.
- LEILAH**—Early rose pink—does not fade in full sunlight. Matures October 15th. Strong sturdy grower.
- LILAC**—Fine lavender pink—better than Leilah. Blooms October 15th.
- LITTLE TOT**—A pale rose pink button type. Free bloomer—long attractive sprays. Blooms November 1st.
- MARGUERITE CLARKE**—Rose pink button type. Free flowering—graceful sprays. Blooms in November.
- MRS. NELLIE KLERIS**—An improved Lillian Doty—better color and flowers more evenly arranged. Fine commercial.
- NESCO**—Large button type, rose shade. Matures October 20th. Good keeper.
- NIZA**—Early delicate pink, medium size. Blooms October 10th.
- OLIVIA**—The latest of all large pink pompons—flowering December 1st on.
- PAGOSA**—A late dark pink, similar to Thanksgiving pink. Blooms December 5th on.
- PINK DOT**—Blush white with crimson dot in center. Ideal sprays—plant yields a heavy crop.
- PINK LILLIAN DOTY** — Beautiful shell pink — long graceful sprays. Good seller.
- RENA**—Rose violet. Good keeper. Well shaped flowers and sprays.
- RODI**—Large purplish rose button type. Upright growth. Fine keeper and seller.
- ROSE CHARM**—Bright rose pink. Fine sprays and strong growth.
- ROSELEA**—A medium size pompon, blooming after December 1st. The outer edges of the petals are a bright pink, the center petals a cream color.....
.....Price: 25c each; \$1.25 per dozen; \$6.00 per 100

- USONA**—Bright pink pompon—blooming for Thanksgiving.
- VIOLA**—Rich velvet red. A shade popular for basket work.
- WESTERN BEAUTY**—Deep rose pink. Late bloomer. Good commercial.

ALL VARIETIES NOT CLASSIFIED AS LATE OR EARLY ARE
CONSIDERED MID-SEASON

RED—

- ANNA L. MORAN**—A splendid brilliant scarlet. Medium size. Blooms in November.
- CRIMSON LUSTRE**—Best intermediate red pompon for mid-November. Bright crimson maturing November 15-20.
- ETHEL**—A bright red pompon. Gorgeous in color. Height 2½ feet. Blooms October 25th. Splendid as a pot plant.
- FIRE BIRD**—Very bright red. Strong upright growth. Matures Oct. 25th.
- FLORA**—Mid-season bright crimson. Easy doer.
- JOLO**—Bright red maturing November 20th. Pinch out center bud in each spray for best show of bloom. Recommended for Thanksgiving cut.
- LA GRAVERE**—Good deep red, late bloomer.
- LITTLE BOB**—Hardy small flowered, button type.
- NO. 5**—A deep maroon small flowered type that blooms from Thanksgiving on.
- RED BEU**—A reddish sport of Mrs. Beu.
- RED DOTY**—Wine-red, silver reverse. Duplicates Doty in form and habit, and three times as large.
- RUFUS**—Crimson maroon. Late bloomer. Very small flower.

BRONZE—

- AARON**—Bronzy scarlet—upright grower on stiff stems. Good keeper.
- ADIRONDA**—Fine early bronze, blooming October 15th.
- ALECIA**—Resembles “Frank Wilcox,” but is not as large, and nearer the true pompon type in form. Blooms the end of October.
- AMOS**—Medium size bronze without other shadings, holding its color well. Matures November 10th.
- ARIANA**—Golden buff maturing about October 20th. Flowers 3½ inches in diameter. Suitable for disbudding.
- BECKY McLANE**—A late bronze for Thanksgiving. Small flowered.
- BOKHARA**—Combines all the tints of red, rose and bronze seen in autumn leaves. Blooms October 25th.
- BONNIBEL**—An orange buff, medium size, free flowering. Dwarf growth, about 3 feet. Matures the middle of October.....
.....Price: 25c each; \$1.25 per dozen; \$6.00 per 100
- BRONZE DOTY**—Identical to the well known Dotys except in color.
- BRONZE PERFECTION**—A new bronze pompon that has proved to be popular in the East commercially.
- BRONZITO**—Very double perfectly formed flowers with dahlia-like petals. Red with gold reverse. Matures November 15th.
- BROWN BEAUTY**—A seedling from Christmas Gold. Upright wiry growth. Deep bronze. The latest bronze button type. Blooms in December.
- BUCENA**—Light bronze—blooming for Thanksgiving. Flowers 1½ inches in diameter. Free blooming.
- BUENA**—Midseason golden bronze button type. Produced in large, well-formed sprays.
- CLORINDA**—Even shade of bronze, free doer, blooming for the Thanksgiving trade.
- DOLORA**—A button pompon similar to “Hilda Canning” in color. Matures November 2nd. Height 4 feet.....
.....Price: 25c each; \$1.25 per dozen; \$6.00 per 100

ALL VARIETIES NOT CLASSIFIED AS LATE OR EARLY ARE
CONSIDERED MID-SEASON

- DORIS**—Very deep bronze shading into the reds. Late bloomer, good keeper.
- DOROTHY TURNER**—Combination of bronze and gold. Blooms in time for Thanksgiving.
- EL RENO**—Seedling from Christmas Gold. Golden bronze. Flowers 1½ to 2 inches in diameter. Excellent stem and foliage. Matures November 25th.
- FAINA**—Dark bronze maturing October 30th. Flowers 2 inches in diameter.
- FRANK WILCOX, JR.**—Flowers half the size, but the same color as Mrs. Beu—orange bronze. Blooms for Thanksgiving.
- GOLD DROP**—Golden bronze with crimson center. November 1st.
- GOLD TIPS**—Petals are bright bronze tipped at the ends with bright yellow. Larger than Nuggets, more graceful sprays. Medium height. Blooms third week in November.
- HILDA CANNING**—Baby type flower, good stems, good keeper.
- ITSA**—Early free flowering. Combination of reds and bronze.
- IVA**—Amber to deep gold. Very fine flower. Long blooming season.
- LITTLE TRUANT**—Bronze button type. Much the same as Billie Burke, but smaller. Blooms in December.

25c per plant; \$1.00 per dozen; \$6.00 per 100; \$55.00 per 1000
of a variety unless otherwise quoted.

Not less than 12 at dozen rate, 25 of a variety at 100, 250 at 1000 rate.

WHITE—

FANTASIA—Exhibition, 9½ inches in diameter when grown to a single bloom. Pure white rays with bright yellow center.

GRAF VON AVON—A beautiful pure white—slight pinkish tinge at end of petals.

ALL VARIETIES NOT CLASSIFIED AS LATE OR EARLY ARE
CONSIDERED MID-SEASON

INNOCENCIA—Outer petals white—pinkish second row with yellow cushion.
SORONA—The ray florets are white shaded pink with perfect cushion 2 inches in diameter of yellow. Disbud or grow to sprays. Blooms October 25th.

LILAC—

GRAF VON FLEMMING—Very beautiful clear lavender.

JUNO—Deep lilac shading to white—cushion very full and loose.

PINK—

BERNETTA—Ray florets shell pink—cushion perfect white. Blooms October 25th. An improved Graf Von Oriola. Should be disbudded. Fine for pot culture.

GRAF VON ORIOLA—Strong grower. Deep rose pink—center petals gold tipped.

MARRIETTA—Soft pink throughout, full cushion. Is 5-6 inches in diameter when grown to four or five flowers to plant. Matures by October 20.

NOKOMIS—Ray florets bright amaranth—same as Purple King—and a low white cushion. Best disbudded. Excellent pot plant.

NORMA—Large flowering, show variety. Delicate pink, bronze-yellow cushion. Matures November 20-25.

PEPITA—Pink outer petals—orange center. Very heavy flower, and a good shipper.

PINK SUPREME—Delicate shell pink. Very late. Prominent, regular cushion with several rows of ray florets. Height 4 feet. Produces flowers 5 ½ inches in diameter when disbudded. Good shipper.....

.....Price: 25c each; \$1.00 per dozen; \$5.00 per 100

TRONESTA—Matures October 12th. Bright pink, similar to Buckingham. Center composed of short quilled florets. Disbud or grow to sprays.

YELLOW—

ELEANORE BEARDSLEE—A fine shade of bronzy yellow, high full cushion. Dwarf in growth, making a splendid pot plant.....

.....Price: 25c each; \$1.50 per dozen; \$8.00 per 100

MRS. OWEN WINSTON—Brilliant yellow — orange center. Good market variety.

SUNSHINE—Best late yellow for Thanksgiving market. Disbud wholly for single or slightly for sprays.....

.....Price: 15c each; 50c per dozen; \$3.50 per 100; \$30.00 per 1000

YELLOW PRINCE—Maize yellow—orange cushion.

WILFREDA—Pale yellow outer petals—bronze center petals tipped with yellow. A strong graceful grower with well placed flowers in long sprays.

BRONZE—

BUFF QUEEN—Exhibition Anemone—6 ¾ inches in diameter. Ray and disc florets are a buff, the same color as Majestic. Matures November 1st.

CAPTIVATION—Grown to a single stem—blooms are 7 ½ inches in diameter. Ray florets are mahogany red—cushion is the same color with end of quills tipped with yellow. Exhibition.

LOUCELLA—Outer petals are orange suffused with bronze; center petals are yellow and quilled. Diameter, 5 ½ inches. Good stiff stem, perfect foliage. Height 3 feet. Matures November 5th.....

.....Price: 25c each; \$1.50 per dozen; \$8.00 per 100

STOPTLIGHT—Crimson terra cotta ray petals, bright yellow cushion. Best disbudded. Height 4 ½ feet.

TRIUMPH—An exhibition golden bronze—8 inches in diameter—with a bright yellow cushion 3 ¼ inches across.

VERONA—Full cushion. Buff throughout. Best disbudded. Matured Oct. 20.

WEE WAH—Terra cotta to bronzy yellow. Very striking variety. Japanese type reflex flower.

The Anemones are becoming more popular each year—either grown in sprays or disbudded and grown singly. The varieties listed as "Large Japanese" are wonderfully beautiful when grown singly.

ALL VARIETIES NOT CLASSIFIED AS LATE OR EARLY ARE
CONSIDERED MID-SEASON

FEATHERY, SPIDERY and THREAD-LIKE

Price: 25c each; \$1.50 per dozen; \$8.00 per 100

AMATERASU—A curious variety resembling a Yellow Cactus Dahlia.

BENTEN—Quilled petals—greenish gold at center, tipped with deep red. Dark green luxuriant foliage.

DAIKOKU—Fine twisted petals of pink and pale green. Very pretty.

FUGI—Pale lavender petalage 8 to 10 inches in length.

J. C. TAGGART—An orange bronze with quilled petals covered with hairs. Grows on fine stems and lends itself to basket work or decorations. Good keeper.

JIUJITSU—Each petal a combination of white and deep pink.

LAVENDER FEATHER—A most prolific bloomer. Grows six feet tall with us. Is full of very stunning deep lavender flowers which produce a most artistic effect in baskets or decorations.

LOUIS BOEHMER—Like a pink ostrich plume.

PINK BEAUTY—Deep pinkish lavender—shading to light lavender at the tip of the petals, with greenish gold center. A very beautiful flower.

PRIDE OF TOKYO—Long tubular petals, spoon-like at the ends, delicate pink color. Diameter, 11½ inches when disbudded. Stiffer stem than most varieties of this class.....Price: 50c each; \$5.00 per dozen

RED SPIDER—An old favorite of the large spidery type. Magenta in color. Long reflex petals.

SAM CASWELL—Brilliant rose pink. Most attractive sprays.

TACHIBANA—Very odd—each flower appearing like a mass of corn silk.

THE DEAN—A pure white feathery variety—with beryl green curled center. An erect grower with beautifully arranged flowers.

WHITE THREAD—Very interesting. Good for basket work.

WHITE MRS. FILKINS—A pure white—with many flowers on good stiff stems. Very novel flower, excellent for cut flower work.

YELLOW TAGGART—Same characteristics as J. C. Taggart—but is a deep yellow.

EXHIBITION VARIETIES

25c each; \$1 per dozen; \$6 per 100; \$55 per 1000

Not less than 12 at dozen rate, 25 of a variety at 100, 250 at 1000 rate. unless otherwise quoted.

YELLOW—

BOB PULLING—Deep yellow. Good foliage. Petals 1½ inches wide, 10 inches long. Exhibition.

DAILY MAIL—Deep yellow exhibition. Enormous flower on tall stem. Take bud August 20th.

FRANK DURANCK—A light yellow incurve—8 inches in diameter. Bud selected in August, matures November 5th.

JIMMIE WALKER—Fine reflex golden yellow—an improved Lord Salisbury. Take bud August 25th on.

MARIE DE PETRIS—Commercial or exhibition of intense bright yellow. Flowers average 20 to 22 inches in circumference; incurve. Foliage right up to flower, regardless of which bud is taken. Matures Nov. 10th to 15th.

MRS. R. C. PULLING—Bright, clear yellow of tremendous size. Exhibition. Take crown bud August 10th.

MY MICHIGAN—A bright yellow, double from any bud. Either commercial or exhibition. Flowers 8½ to 9 inches in diameter.

YELLOW POCKETT—Light yellow sport of Louisa Pockett. Large size, strong doer. Exhibition.

ALL VARIETIES NOT CLASSIFIED AS LATE OR EARLY ARE
CONSIDERED MID-SEASON

YELLOW TURNER—Sport of Wm. Turner. Take bud August 20th. Light yellow. Exhibition.

BRONZE—

BRONZE TURNER—Buff bronze in color, lower petals shading to a light maroon. Height 4 feet. Take bud September 15th. Exhibition or commercial.

CALUMET—One of the best exhibition bronzes. Easy culture. Large size flower with high per cent of perfect blooms. Take bud August 25th.

CARRIE BEINEKE—An improved Majestic of lovely warm bronze. Take any bud August 25th. Height 5 feet.

CHEROKEE—A light bronze with rosy tint under artificial light. Outer petals are reflex, inner petals incurve showing a golden reverse. Very large exhibition. Strong grower. Tall. Take bud August 20th; matures Oct. 25th.

CHEYENNE—A distinct chamois in color. Large size and vigorous growth. Commercial or exhibition. Tall. Take bud Aug. 25th. Blooms Nov. 1st on.

E. N. WARD—Seedling of Mrs. Kershaw. Color golden orange, bronze reverse; bronzy red lines on edge of some of the petals. Incurve form. Take bud August 25th. Height 5 feet.

IMPERIAL GOLD—Light buff, irregular petal arrangement. Flowers 10-inches in diameter. Buds selected from August 5th to 10th; mature October 25th. Height 6 feet.....Price: 50c each; \$3.00 per dozen; \$15.00 per 100

MAJESTIC—Buff in color, large size, suitable for commercial or exhibition. Petals are wide with pointed ends, forming a spherical bloom. Vigorous grower, easy doer. Take bud August 20th. Matures October 25th.

MISS MILLICENT ROGERS—Bronzy pink with gold shadings. Lower half of flower is clear lavender; upper half is bronze pink. Center is a clear gold. Height 4½ feet. Take crown bud August 15th. Blooms October 20th. Exhibition.

MISS RUTH TWOMBLY—Absolutely perfect flower, of distinct bronzy yellow. Height 4½ feet. Take bud August 15th on. Commercial or exhibition.

MRS. E. KERSHAW—A golden bronze, with a bright lining to the petals, which are broad and loosely incurving. A stunning big show mum, which also commands a good price commercially. Height 4½ feet. Take bud August 25th.

MRS. HARVEY FIRESTONE—Wonderfully massive flower, pinkish chamois buff. Rigid stem, foliage right up to flower. Height 4½ feet. Take bud August 15th. Exhibition.

MRS. O. H. KAHN—A fine deep bronze. Good commercial or exhibition.

PHILIP RICCI—An improved Chas. H. Totty. Standard chestnut brown—light golden reverse. Petals are long and graceful, stem and foliage perfect. Exhibition. Height 5 feet. Take bud August 15th on.

PRESIDENT JOHN EVERITT—Reddish buff. When first opening the petals are closely incurving, forming a perfect ball, 27 inches in circumference. Select bud August 15th on. Height 3½ feet.

NAGIROC (Golden Champion)—Deep glowing orange bronze. Any bud after August 15th. Fine. Exhibition.

SEMINOLE CHIEF—A reflex chestnut brown—8½ inches in diameter. Aug. 25th bud matures November 5th.

SERGT. W. E. YOUNG—An enormous bronze, like W. H. Waite, but larger and heavier. Exhibition. Height 5 feet. Take bud August 15th on.

RED—

MRS. HENRY EVANS—Resembles a huge crimson Cactus Dahlia. Every petal reflexes back, showing the color to best advantage. Take bud August 20th on. Height 4 to 5 feet.

MRS. JULES C. LEEDS—Vivid blood-red in color. Broad petals that hang down gracefully from the common center, making a perfect sphere. Take second crown bud. Height 4 feet..50c each; \$1.25 per dozen; \$8.00 per 100

WM. VERT—Bright crimson reflex. Very large. Strong growth. Exhibition. Take bud August 20th.

ALL VARIETIES NOT CLASSIFIED AS LATE OR EARLY ARE
CONSIDERED MID-SEASON

PINK—

ANNE NICHOLS—Clear pink with silvery reverse. Tall grower. August 20th bud produces a wonderful flower—later buds produce splendid flowers, but too late for the exhibition.....**50c each; \$1.25 per dozen; \$8.00 per 100**

CORNETO—An exhibition about the same size and color as Pink Turner, but does not produce a malformed center like the Turner family. Good commercial. By planting late in July and taking bud late in September it may be had for Thanksgiving.

DORALDINA—Bright rose incurve, 7 inches in diameter. Select bud about August 20th for blooms maturing October 27th. Height 4 feet. Exhibition.
.....**Price: 50c each; \$3.00 per dozen; \$15.00 per 100**

ELBERON—Fine incurved bright pink. Take August 25th bud. Exhibition.

JOAN STRATTON—Pearly pink broad reflex petals. Exhibition.

LA FRANCE—Beautiful incurve exhibition, showing the reverse of the petals. Silvery mauve—upper surface nearly purple. August 15th buds mature October 28th. Diameter 8 inches. Height 7 feet.....

.....**Price: 50c each; \$3.00 per dozen; \$15 per 100**

MEUDON—Dark pink of immense size. Exhibition. Take bud August 20th.

MRS. ALICE H. BURKE—Great exhibition variety of daybreak pink shaded cream at center. Stem very stiff. Scored 95. Extra good keeper. Take bud August 20th. Blooms November 8th on. Incurve.

MRS. E. WARD OLNEY—Rich, deep lilac pink. Each bud produces a perfect flower. Ideal for commercial or exhibition pot plant. Crown bud produces fine reflex—terminal buds—fine incurve.

MRS. J. LESLIE DAVIS (Pink Turner)—Good pink. Take bud August 30th. Exhibition.

NANCY SANFORD—Clear rose pink—9 inches in diameter. Petals one shade throughout. Irregularly incurved. August 25th bud matures November 5th.

PATRICIA GRACE—Very unusual flower of lovely shell pink. Large tubular petals that stand straight out from the center. Exhibition.

PRINCESS TERU—A reflex 7 inches in diameter, brighter pink than "Well's Late Pink." Height 4 ft. Fully matured November 1st from August 25th bud. Good Exhibition.....**Price: 50c each; \$3.00 per dozen; \$15.00 per 100**

ROSANDRA—A pink of immense size—outer petals reflex—center petals incurve. Exhibition.

ROSENA—A seedling from Nerissa, not so closely incurved. The surface of petals are a rose approaching cerise, while the reverse side is a soft pink. Good strong growth. Take bud August 30th. Matures November 7th. Exhibition.

THOS. W. POCKETT—Clear pink, incurving tips. Take bud the last of August for best bloom. Height, 6 feet, second crown bud.

VERMONT—An exhibition with flowers of enormous size. Every bud produces a perfect flower. 5½ feet in height. Take bud August 1st on.

WHITE—

GOV. A. HARRY MOORE—Clear brilliant white—much like Mrs. Gilbert Drabble. Ideal dwarf habit, with foliage well up to flower. Take bud Aug. 10th on.

LOUISA POCKETT—Pure white from early buds; delicate pink from late ones. Semi-dwarf. Take bud August 10th. Huge flower.

PURPLE—

ANTON MARMONTELL—Large shaggy exhibition, purplish tinge.

PURPLE KING—Near approach to purple. Large size. Take bud Sept. 5th.

T. CARRINGTON—Immense flower of rosy purple with lighter reverses. Good showy exhibition sort.
